Will Publish Anthology of Hollins College Poetry

Of vital interest to the Student Body is the news that an anthology of Hollins poetry is being published this spring. Approximately fifty poems, once printed in *Cargoes* and representing the best verse written by Hollins girls while they were in college, have been collected by Frances W. Stookley, with the assistance and advice of Miss Hearnery and Dr. Janney. The Stone Printing and Manufacturing Company, in Roanoke, is entrusted with their publication, appropriately bound in green and gold. The books will be ready to go on sale in about three weeks at $1.00 a copy. Orders are being taken beforehand, however, by the following members of each class, who make up the Anthology Committee: Page Rudd and Frances Flather, '33; Jane Offutt and Margaret Sockwell, '32; Mary Anne Griffin and Mary Rushton, '31; Alice Harris and Frances Stookley, '30.

Due to the fact that most of the poems were written by girls either in College now or here within the memory of "this generation" and because of the anthology's reasonable price, it is sincerely hoped that nearly every member of the Student Body will want a copy. Whatever money may be left over from the expense of its publication will be given to the Endowment Fund.

Result of Student Ballot on Naval Disarmament

The National Student Federation of America desires to obtain an expression of American student opinion on the subject of the policy of the United States at the London Naval Conference. It proposes to record the opinion it receives and to send a statement of it to the Student Unions of Japan, Italy, France and Great Britain.

In order that a true student opinion might be obtained ballots have been sent out to the students of the United States. The results of the Hollins ballot, which were obtainable when *Student Life* went to press were as follows: 134 questionnaires returned, checked in the affirmative.

1. I believe that the United States should be protected by the strongest navy it can afford to build, regardless of what other nations choose to do. 6.
2. I believe that, regardless of the cost, the United States should have a navy "second to none". 4.
3. I believe that an international agreement for consultation when there is danger of war is the fundamental basis for reduction of naval armaments. 10.
4. I believe that reduction of naval armaments, rather than parity is of primary importance. 20.
5. I believe that naval armaments should be abolished by international agreement with provision only for an international police force. 109.
6. I believe that, regardless of what other countries choose to do, the United States should drastically reduce her naval armaments. 21.

The Annual Fashion Show will be presented tonight at 8:30 o'clock in the Little Theatre under the auspices of the Senior Class. This is going to be the most unique Fashion Show which has ever been presented at Hollins. Miss Anne Brown, Vice President of the Senior Class, is in charge of this event, and Miss Elizabeth Blount, head of properties, is her able assistant.

The plan of the Show this year is entirely different from productions of previous years. Formerly, there has always been a plot which made the production have some of the characteristics of a play, but this year it is to be entirely formal. The gowns on display will be furnished by several of the leading ladies' clothiers of Roanoke, B. Forman & Son, Samuel Spiegel and S. H. Heiney & Son, respectively. They will run the whole gamut of styles, sounding notes smart, charming and exotic! Probst-Childress Company will present the newest fashions in shoes appropriate for each costume. The costume jewelry will be furnished by courtesy of Henehry & Son, and the Virginia Beauty Shoppe will coinfer the models.

A unique feature of the 1930 Fashion Show will be the charming dance choruses arranged and coached by Miss Mary White. These (CONTINUED ON PAGE THREE, COLUMN THREE)...

**NEW ENERGY**

With spring comes a new energy, a new intensity, within all life. All of us feel stronger and more vigorous as we experience the presence of the sun. This is especially true if one opens to the HOLLINS atmosphere, to the sunshine, to the life force, to the hope, to the love, to the joy, to the energy, to the presence of God. It is almost impossible to describe the sense of mystery which surrounds the HOLLINS campus at this moment.

There is a hush, a stillness, a serenity about the campus which is beautiful in itself. We can help it. The flowers are blooming, the grass is green, and the air is fresh. We must let the campus breathe, let its air circulate. Let us be glad and let us be thankful for this, the new energy of spring.

A topic of much discussion on the HOLLINS campus is the Library hours on April 6th. It is now, the Library is open from nine to twelve o'clock, on Sunday afternoon, and during that time, it is always crowded. Everyone is aware of the space problems, which diverts a student's mind, body, and soul, and makes it hard for her to concentrate. Because the student loves music and music is always available, she tries to make the clock tick faster. She finds that she has a job to do, which makes it hard for her to concentrate. She must take the job seriously, and she must do it well. It is a job which she must do well, and it is a job which must be done well.

I think the Library should be open for at least six hours after school on all weekdays, as well as on Sunday morning. If we do not have this opportunity for ourselves we wish to have it for others.

The campus is the place where we can remember and reflect; where we can have the opportunity to grow and develop; where we can have the opportunity to learn and understand.

**ANOTHER VIEWPOINT OF MILL VILLAGE CONDITIONS**

Can we not say that there are nearly always the same number of people in the same place? If the student is employed or in a class, he will employ himself or be in a class. If the student is employed or in a class, he will employ himself or be in a class. If the student is employed or in a class, he will employ himself or be in a class. If the student is employed or in a class, he will employ himself or be in a class.

While the recent issues of LIFE have continued many splendid articles, we must be born to see the better side of the world. There are a large number of people who have been heard to say that the situation in the world is bad. However, we must also remember that there are just as many people who have been heard to say that the situation in the world is good. However, we must also remember that there are just as many people who have been heard to say that the situation in the world is good.

The houses in the village are "box-like," and there is no place where you have ever seen a house in the city. But there is a "box-like" house in the village. But there is a "box-like" house in the village. But there is a "box-like" house in the village.

If the Library had not closed at five o'clock, the student would have been able to stay there longer, and thus make it hard for her to concentrate.

The campus is the place where we can remember and reflect; where we can have the opportunity to grow and develop; where we can have the opportunity to learn and understand.

**VOCATIONAL OPPORTUNITIES**

If the student is employed or in a class, he will employ himself or be in a class. If the student is employed or in a class, he will employ himself or be in a class. If the student is employed or in a class, he will employ himself or be in a class. If the student is employed or in a class, he will employ himself or be in a class.

The Hollins of the Valley Union Seminary

The Hollins of the Valley Union Seminary was launched on February 17, 1852. It was known at first as the School of Botetourt Seminary, in Union, Virginia, and later as the School of Botetourt Union. It was operated under the leadership of President John P. Bradley, later Charles L. Cooke was placed in charge of it. In the year 1855 the School of Botetourt Union Seminary was co-educational. On April 13, 1856, the school was dismissed, although at that time the boys were permitted to remain as long as they were able to carry on. The Valley Union Seminary was opened in August, 1855, under the direction of Dr. Samuel S. Martin, or Lewis, carrying scenery and the players to be used.

A meeting of the trustees of the Valley Union Education Society was held this day in the operation of the Valley Union Seminary was inaugurated.

John Powell Comes to Hollins

As a result of the simplified meal, which was proposed at the meeting in the Green Drawing Room, the students were willing and ready to keep up our share.

Simplified Meal Held for Bulgarian Student House

A native of Virginia, Mr. Powell has been translated into the new School of Botetourt Union. He had been a talented musician, and is the solution to the situation when Miss Wilson returned to the dining room door. The spirit of Mardi Gras invaded the end of his career.

Chemistry Class Hears Former Hollins Student

The chemistry class receives the services of the chemistry class.

The Hollins Choir Wins Cup Offered by the Virginia Federation of Music Clubs

Mr. Turner's Chicago Trip Proves Interesting

Mrs. Woodhouse Holds Two Discussion Groups

Mrs. Woodhouse, Vocational Adviser, held two discussion groups during her recent visit at Hollins. During these meetings the students were asked to discuss the following questions:

1. How can the Hollins student use her college training to the best advantage in her future work?

2. How can the Hollins student use her college training to the best advantage in her future work?

The subject under discussion at this notable meeting was the study of the psychology of society. The student was told that the psychology of society was an important subject, but the psychology of society was of much more importance in the study of sociology.

Throughout her six years with the students, the leading outstanding speakers was Dr. John Finley, a citizen of Chicago, Illinois. The program of the annual meeting of the Virginia Federation of Music Clubs was held at the Patrick Henry Hotel in Roanoke, Virginia.

The Hollins Choir brought back the cup for the Virginia Federation of Music Clubs of Virginia. The competition for the cup was entered by the Hollins Choir, under the direction of Miss Mary Wood. The competition for the cup was entered by the Hollins Choir, under the direction of Miss Mary Wood.

The Hollins Choir won the cup for the Virginia Federation of Music Clubs of the Hollins Choir, under the direction of Miss Mary Wood.

School of Music to Lose Two Members of Faculty

Miss Mary Wood Whitburn, Instructor in Piano, Mathematics, and Major in Music, and Miss Mary Wood Whitburn, Associate Professor of Music, will return to Hollins next year. She expects to teach music in Washington, D.C., in the fall. Miss Whitburn attended Hollins during the years 1909-1916. Since then she has been a member of the staff of the Community College of Washington, D.C., where she has served for 30 years. She was also a member of the staff of the National University of Washington, D.C., for 10 years. Miss Whitburn attended Hollins during the years 1909-1916. She is a member of the American College of Physicians, the American Medical Society, and the American College of Surgeons. She is also a member of the American Association of Medical Colleges. She is the author of many articles on medical topics, and is the author of several books on medical subjects. She is the recipient of many honorary degrees and awards, and is the recipient of many civic and academic honors. She is a member of the American College of Physicians, the American Medical Society, and the American College of Surgeons. She is also a member of the American Association of Medical Colleges. Summer School of Music Inaugurated at Hollins

Under the auspices of Hollins College a summer school of music is being held this summer. The courses of instruction offered are based on the regular courses of the School of Music at Hollins College. The Officers of Instruction are Professor F. A. Committee, Miss Minnie Wood, Professor of Music, and Miss Virginia E. F. Committee, Associate Professor of Music. Miss Minnie Wood has been a member of the faculty of the School of Music at Hollins College for the past ten years. She is a member of the American College of Physicians, the American Medical Society, and the American College of Surgeons. She is also a member of the American Association of Medical Colleges. She is the author of many articles on medical topics, and is the author of several books on medical subjects. She is the recipient of many honorary degrees and awards, and is the recipient of many civic and academic honors.
