## *Thanks*

Many people worked diligently to make this conference possible! First, thank you to Dr. Lisa Rowe Fraustino, the Director of Graduate Programs in Children's Literature, for her encouragement and support with the *many* details of the conference.

Next, huge thanks to our alumnae Amanda Von Der Lohn and Jennifer Davis Taylor, co-chairs of the 2021 Hollins Children's Literature alumni reunion, who were generous with their time, experience, and enthusiasm.

A warm thank-you to Mandy Becker, who offered to serve on the Reading Committee before we realized we wouldn't need one, and who gave helpful suggestions throughout the process of creating this year's virtual conference!

Special thanks to Diane Conrad of Bepress for training us in using the Digital Commons platform and setting our virtual conference up so beautifully!

Many, many thanks to Luke Vilelle, our amazing Hollins University librarian who helped to set up the conference on the Digital Commons and upload everyone's PDFs and images.

Thank you to all the alumnae, faculty, students, and friends of the program who donated to our Silent Auction! Your contributions will help to fund future conferences!

Our gratitude to all the Hollins University staff who helped make our virtual experience – the conference and the semester – positive and possible!
