Subject: SAC minutes

hey, Maryke, here's what I've got for SAC minutes from this evening. Please make any changes as needed!

Student Advisory Committee meeting: April 23, 2013

In attendance: Anna Copplestone, Bertha, Johnna, Karissa, Lauren M., Madchen, Maggie, Maryke, Luke

Anna Copplestone, guest from Media Services: what Media Services offers

- \* Technology for events (for example, music, microphones, slide show setup)
- \* Equipment for borrowing (wide variety, including flip cams for easy videos)
- \* Lab with software for film editing
- \* Ability to facilitate technology use across campus (e.g., setup of Skype sessions)
- \* Record/archive performances, talks, etc. across campus. A copy goes to the department, and a copy goes to Beth Harris in the Archives. Students can request to view these.

Thanking the class of 2013

Brainstorm: How can the library learn more about how other students use/perceive the library?

- \* Horizon students: take advantage of one of the three discussion periods (on Friday afternoons in the Gord Room) held for Horizon students
- \* Horizon students: Attend/discuss at one of the informal Horizon lunches (sometimes at Eastnor, sometimes at Moody)
- \* Table-sit in Moody, ask students to fill out a brief comment/survey. Have student advisory committee members table-sit for us.
- \* Put up a board on which students can respond to a prompt from the library (e.g., use one of the white boards in the library).
- \* To reach transfer students, talk to Mary Ellen Apgar (she's in charge of admissions for the transfer student population).
- \* Students were not very receptive to idea of reaching out in dorms (not much attendance at those types of events).

End of year survey – will also be e-mailed to committee members.

Discussion of our summer reading plans! Best of luck with spring finals, and have a great summer!
