New Student Council Goes Into Office

On Wednesday, May 4th, Convocation was devoted to the installation of the new Student Council. Leona A. Alexander, the outgoing president of Student Government, handed the gavel to Katherine Mann, the incoming president, after a short address.

In it, Miss Alexander once more recalled to the minds of the student body the chief "planks in her platform" announced at the beginning of this session: To realize both the importance of self-government within Student Government and the necessity of becoming nationally, politically and internationally minded. It is difficult to decide whether or not the past year has been successful in terms of Student Government, she stated, as it is necessary to view a year either from the past or in anticipation of the future. The memory of the Council of '31-32, however, and the seeds of the ideas and ideals introduced by them will serve as a stimulus and incentive to the incoming Council, she believes.

On behalf of her Council, Miss Mann expressed her appreciation and deep admiration for all the retiring Council had accomplished, and the hope that they would be able to carry on the work and fulfill the present ideals of Student Government. She continued by saying that each individual is a link in the chain of Student Government, and the importance of individual responsibility in strengthening the chain is very great. These college ideals promote happiness, and "Student Government is a medium of expression through which to find the final happiness that comes from outward growth." The incoming president stated of the two aspects of Student Government, the external embodies the social and campus regulations while the internal embodies the Honor System, without which the first is meaningless. Miss Mann emphasized the fact that it is only the ability to find freedom and happiness within what seems to be restrictions that success may be attained. "The student body holds the potentiality for living in peace and happiness together, and Student Government is the utilization of this potentiality if it is allowed to develop." In closing, Miss Mann said: "We must widen our point of view and gain a perspective so that we may see life steadily and see it whole. This next year let us make Student Government mean something vital and real, not an empty mockery of words.

STUDENT LIFE takes great pleasure in announcing the plans submitted by a joint faculty and Alumni Committee for raising scholarship and loan funds to assist students obtaining an education at Hollins. The emphasis in Alumni work has been changed from the old practice of sending a letter each year, believing both the College and desiring students in times of stress. As much of the money, however, benefits should be accorded to all concerned. The Alumni should have a more definite bond of interest with Hollins when they sponsor a gift from their own community. The gift will be used only for the benefit of the students, and each student will enjoy all the cultural and academic advantage of college life, while the emphasis will be placed on the establishment of the foundation of scholarships and loans. Surely, there could be no finer purpose for which to solicit aid.

P. S. The plans submitted by the joint faculty and Alumni Committee were very heartily supported by all those from whom scholarship and loan funds are needed. One hundred dollars to be left in the bank for the student, one dollar for each year which has elapsed since the last payment of their pledge to the Music Board, $15.00 for each year which has elapsed since the last payment to the Lucy Browne Library, and one hundred dollars to be left in the bank for the student, one dollar for each year which has elapsed since the last payment of their pledge to the Music Board, $15.00 for each year which has elapsed since the last payment to the Lucy Browne Library.

Sinking Fund Given to Scholarship Fund

On the night of May 3 at the Student Government meeting Leonora Alexander announced that a portion of the Sinking Fund had been turned over to a Scholarship Fund to be used for awarding scholarships to students. This money would be available to either students already on campus or to students who are seeking admission for the next year. The amount is generous, and the recommendation of the joint faculty and Alumni Committee was adopted by the Student Government.

The same day, May 3, the Sinking Fund was turned over to the Scholarship Fund in the amount of $150.00. The Sinking Fund is set up to help the expenses of the Central Office, and in addition it is to be used to help students who are in need of funds during the summer months. The amount of money in the Sinking Fund will be increased by the interest earned on the funds.

The money was voted to be used for the following purposes: one hundred dollars to Student Life for the purchase of a desk, a typewriter and style in the office and one hundred dollars to be left in the bank for the student, one dollar for each year which has elapsed since the last payment of their pledge to the Music Board, $15.00 for each year which has elapsed since the last payment to the Lucy Browne Library.

CAMPUS CRUMBS

We're having lots of weather!

Anna Boyce seems to believe in the old saying “Take up thy bed, and walk.”

What does one say when one is writing a “Campus Crumb” for the first time? Hold your hats! We’re off!

Did Shoupie take up baseball just in case—but anyway we hope she liked her “feurs” because she surely can heave rocks.

Almost in answer to the article “Why, Professor, You Plumkett!” came the recent tests. Now, professor, on the sly, just how much did you know?

The Freshman stylist wonders why the Seniors’ caps and gowns aren’t cut down to fit the figure. Yards of material do impede one’s stride.

Swing with your date in the Forest, wade with him in the garden, but do not become enmeshed in a tennis net. At least so the social office decrees.

Woe upon us! Miss Locke, our ping-pong headliner is now an ardent disciple of Sungsall. She asserts that her infallible method of hypnotism consists entirely of suggestion. We suggest that she try its infallibility on a certain professor.

Since gum-chewing has been banned from the library and is now anathema, sport, we wonder if the requisites for training are bathing suits worn on the cow pasture, and a heavy coat of tan—not to mention the unsightly masses of freckles gracing the noses of our enthusiastic Freshmen?

If the last lingering rays of the sun could have kissed each golden lock, scarcely could it have been more effective than the silvery mist clinging to each flying tendril. Oh, why didn’t the gold of their hair meet the blue of the ribbon? Well, we’re gentlemen—we prefer blonds, especially Tim and Barbara.

A certain teacher suggests that Hollins should install a labor union. Then the gentle young ladies could press a time clock when they commence to work and also when they stop. Perhaps in the end we will even have private stenographers to do our work for us. Miss Murphy, take this dictation please.

The carnival in Roanoke called to many girls with gypsy hearts. The Ferris wheel and merry-go-round still have attraction. Miss “I” even won a box of candy and—shh—a doll, Patsy Thayer because of her lucky ball. But we can’t find our way out when it is that claims to have been tattooed.

2. C. O. Graves riding Jerry.

Class X. Open to Army Officers. Walk, Trot, Canter.
