SPONSORED BY Y.W.C.A.

The Y. W. C. A. has selected as its fall speaker Dr. Donald C. Aldrich, professor of the Ascension, New York City. He will deliver lectures at Hollins on Monday, Tuesday, Thursday, and Friday of November, at eleven in the morning and seven in the evening. After the evening lectures wishing it may meet, the Faculty and Student Body may have an opportunity to meet the speaker.

Dr. Aldrich's actual career has been very interesting. In 1917, immediately after his graduation from Dartmouth, he entered the World War as a quarter master in the United States Marine Corps, was later appointed to an ensignship. Upon his return, he began the study of the ministry. He is a member of the Church of the Ascension, New York City. As a result of his leadership, this church has established an experimental Sunday School, the activities of which he has carried on throughout the East as a residuary trustee. The Sunday School has been open at all times for the use of those who wish to stay there and worship. The building which he has carried on in the Eastern States is the right side of the theatre, slightly propped by a standing工夫. The names of the Presidential and Vice-Presidential candidates (G. W. F.Ord), shall be printed on the ballot but their party affiliations will not be given. For the benefit of the campus the parties are included in this list; Franklin Roosevelt and John N. Garner. Democratic; Alfred L. Landon and Frank Knox. Republican; Dr. D. Leigh Colvin and Thomas C. She must indicate whether she is a member of the present Democratic administration, not a member of the administration, or a general staff. The name of the state in which she is a member will be also designated. The third, and most important duty, is to check the presidential candidate. This is done by putting a mark in the box before the name of the candidates you prefer. Any one of four marks will be acceptable. **Why We are for Roosevelt**

We are for Roosevelt because we believe that his administration is one of the ablest in the history of the nation, and because it has been strongly emphasized in the campaign that President Roosevelt has the leaders, the brains, and the statesmanship needed to carry to fulfillment these things that he has promised to American young people. We believe in the Roosevelt administration because it is working for the betterment of the lives of all Americans.

**Why We are for Landon**

The campaign this year has left many impressionable young people in a state of indecision. While we believe that Franklin D. Roosevelt is the best man for the presidency, we also believe that Alf Landon is an honest leader who possesses the wisdom and vision needed to guide this country in the right direction.

Society of A. D. A.
Takes in New Members

A. D. A. is doing nicely, thank you, under its new President, Virginia Reif.

Four girls have been invited to join recently and have presented their initiation stunts in Keller. Y. Block and the Freshmen in Richardston carried through a gay ski with the drama as a background, the climax being V. S.'s exit along Southern Land.' Worth repeating is V.'s observance that Baskenn wears her riding habit all the time. In fact, she says, it's getting to be less of a habit and more of an obsession.

In connection with the spirit of the time, Lib Williams and Jackie Byrd gave their stunt in the form of a political rally. The make-up and costumes were charming. Since neither considered her own sufficiently large, the speakers obtained two tiny, false ones to satisfy the demand. The hats, too, were very interesting. Lackie's was a deep blue affair with quite a high crown, while Lib's, a nonsensical color, a nonsensical shape and trimmed with nonsensical flowers, was nevertheless a vision to behold. The two speeches were selling for several different candidates, took turns saying "Why I am for 'so and so'," and to manage included some other choice slogans. For instance—"Landis. Winston is going in for 'Form Reform.'"

The bargains at A. D. A. A., on this point, seem to rise on little, spring. Let your wit and wisdom continue to flow over Hollins Land.

This Collegiate World

It is claimed by a West Virginia University Statistician that you can buy 67,200 dollars worth of student appliances for the amount it would cost you to buy a good cigarette lighter.

If men want a second date with girls from Boston University, they can't park on the street for 25 cents a dinner, wear red neckties, go without garters, kiss on the first date, ask them to spend any money, eat onions, chew gum or drink when out on a date. Do you agree?

The Springfield College Student categories six different types of co-eds. First of all, the athletic type, "well developed in a muscular manner; shoots a good game of golf and knows the difference between a foul and a center fielder."

Secondly, the "little lump of sugar" type, who's good for nothing but dancing. Then the "impressive girl," who "wants to discuss the new rocket flight, talks about the moon in the sky but thinks it's just for eclipse."

Next the clingy vine and the "glimmer gimp" type who "spends most of her time smoking cigarettes, wearing not cardigan, and reading 'Modern Romance.'"

Lastly, the "girl who would be brought home to mother, observed by dad, and skated by junior. If you can't make much money she would just as soon walk air ride the trolley."

She knows your name a week and the other two with her (until twelve). She is interested in work, has a sense of humor, a keen personality, but not on the blithersideness.

Tinker Day Celebrated by Hollins Students

Tinker Day fell this year on Monday, October 19. Enthusiasm was even higher than usual because the announcement was made last week. Remarks by Mr. Turner announced that the Hiking Chairmen, Miss Wisconsin, Michigan, and Wisconsin, in unison, would present the complete surprise. From break-fast until ten o'clock everyone milled about the campus taking surprise snapshots and talking nonsense.

Leading the party Mr. Turner announced that the Hiking Chairmen, Miss Wisconsin, Michigan, and Wisconsin, in unison, would present the complete surprise. From break-fast until ten o'clock everyone milled about the campus taking surprise snapshots and talking nonsense.

Leaders, however, were counted and we started up the mountain.

Although breathing hard when she reached the top, everyone, after a short rest, had regained her pep and vitality. The class singing brought tears to many eyes, but they were not tears of utter sadness. Tinker Day is too much fun for that.

The Roanoke Music Teachers Association and local musicians were invited to inspect the Carnegie Library and the Hollins Music Department Friday afternoon. Since the Carnegie Collection was presented to a specially selected group of institutions, with the needs of their respective communities in view, the musical public is at liberty to use this library for research and study.

Miss Foster represented Hollins at the meeting of the Virginia Library Association held at Old Point Comfort last week.

The Chapel held its Friday night, which Miss Blanchard called "Music and Meditation," was a rather unusual but lovely interlude. It was devoted, for the most part, to a violin arrangement by Mr. Talavage, with flute and organ accompanying by Dr. Leipshart and Mr. Rath.

Miss Blanchard and Mr. Cocke entered the scholarship students and members of the Senior Staff at the home of Mr. and Mrs. Blanchard Thursday evening. This occasion afforded the Dean and the Vice President opportunity to be acquainted with the new scholarship people, to speak with them of the confidence Hollins places in them, and the hope the college holds for them.
