The International Relations Club bestowed some of its most important office-holders for the year. Among the officers for the current year are: President, Bette Mashburn; Vice-President, Ellie Schalk; Secretary, Vivian Huggins; and Treasurer, Mary Duke. The new slate of officers is expected to bring a fresh perspective to the club and its activities.

The club members have been planning a series of events to celebrate their summer break. One of the most anticipated events is the annual "Sumptuous Summer Soiree," which will be held at the college's ballroom. The event will feature live music, gourmet cuisine, and a Silent Auction to benefit the local community. The club has invited local artists to donate items for the auction, and they are expected to showcase some of their finest works.

Ode to the Class of 1940
O Seniors, dear, we shed rock tears
Where we think of your going.
And you can bet, we won't forget
Your many a fine charming.
Not only in the study halls
The Tea House or in Keller,
But also in those healthy bunches
(I don't mean with your fellohs)
... for sake of rhyme.

(Change of meter...)

For out on the athletic field
In Taylor Gym or pool,
On tennis courts or golfing range,
On mountains round the school,
You're seniors about a spirit fine
We underclassmen can't define,
But only hope that some day we
can do just half as well as you.

Hate to pull a sentimental, but am
forced to mention what super gals you.
Seniors are, and how much fun we've had
fighting with and against you (mostly
with and for) on the athletic field as well
as everywhere else. We certainly are go-
ing to miss you... (the reader!) It is re-
quided to me green and yellow Kleenex

The seniors seem to have monopolized
the picture situation and certainly are doing
it up Hollins... aren't they cute... good!

Am forced to talk about archery as
another escape from the harsh reality of
exams and the sentimental sad thoughts of
the Class of 1940. It is a fine thing for
a girl to arch... and it is an extra special
relaxation during these glowing (hot,
sultry) days of coming summer... when
the bird is on the wing
and the cow is in the corn. More bulls'eyes have been
made since the beginning of the exam
period, warning to "those" with guilty
consciences...

Can't stand it if I don't begin to clo-
se up Hollins... aren't they cute... good!

If you've made Dean's list already and
it's the weather that has you down, I might
say that drowsiness is one of the
most
ways to combat the heat. The pool is the
best place for this and is always open in
the late afternoon when that I-can't-stand-
the heat. The pool is the

If you happen to be on a horse, however,
and Captain Graves asks you to soak your
animal's feet in the creek, it is only too
easy to manage a fall or throw, and
relief is found immediately, depending
on the speed of the fall and the depth of
the creek. A deep area is recommended for
best results.
