Sewards Combine Efforts to Give Senior Stunts

Freya Organization to Walk; Faculty Entertains All in Ridiculous Costumes

October 26th looms ahead as a big day at Hollins, for the day Halloween is celebrated by the students and faculty alike. Freyans rush around hoping the decorations hold up, while seniors appear with that indistinct look they develop just before they spring one of the pranks. The whole school waits expectantly for Freya to walk at midnight.

Events get under way at six o'clock with the Halloween banquet. The dining room looks like a different place, for the Freyans have hung for- mica into a room of corn shocks and pumpkins. The students, too, are dressed in costumes, but it is the members of the faculty who carry off the honors by shedding their dignity and appearing in ridiculous costumes.

After the banquet the highly built-up, long awaited Senior Stunts are presented in the Little Theatre. The stunts were written by a committee composed of seniors. After the brilliancy with which the stunts were worked out on paper, the whole class tore its hair and sat up late at night putting the final touches on the production. In the meantime, the whole campus has been kept in ignorance of the general nature of the stunts. In fact, when cross-examined most closely, the seniors seem capable only of saying, "Watch your feet!"

When all of the stunts are over and the clock on the library has struck twelve, hooded figures with flickering candles walk slowly along the campus. That is the way our fancy, the honorary organization on campus, has chosen its first new members of the year. Throughout the campus settles down with the knowledge that one more traditional day has passed successfully.

Eudice Shapiro

Eudice Shapiro, one of the most brilliant young violinists ever launched by the National Federation of Music Clubs, will make her Hollins' debut on Thursday, December 11th, in the presence of the daugh- ter of musical parents and studied with her father at the age of five. Later she studied with Robert Caputo, the director of Music, who remained for three and one-half years. Then she studied with Elmer Zimbali, at the Curtis Institute in Philadel- phia. She graduated from the school with highest honors and despite flouting offers of orchestral positions she prefers the arduous path of the soloist.

Eudice's recital will include Pasquale- Vasy's Swara in A minor, Symphony Espangale by Edward Land, three selections from the Concerto in Rimski- Korsakov's Le Coq d'Or.

Scavenger Hunt Scheduled

Gather, ye scavengers, while ye may—
Scavenger Hunt will be held on Saturday, December 7, in the gymnasium, at 2 o'clock on Saturday night. The Hunt is open to the public.

The first to find the key will win the grand prize, a beautiful box of chocolates. There will also be three minor prizes, for the first three to find the key. The Hunt will be held on the air on WDBJ.

Leaves Speaks Under Auspices of Y. W. C. A.

On September 27 and 28, Dr. Arnold H. Leaves will hold a series of lectures at Hollins. Dr. Leaves has been brought under the auspices of the Young Women's Christian Association. Dr. Leaves will make three part-weekend visits to the college: the regular Sunday and Monday evening chapel programs and Monday evening speeches on campus. In the meantime, he will lead several open discussion groups with the students and an informal conference with students.

The question Dr. Leaves will discuss is: "Is there any more hope for the world?" He will attempt to answer this question, and to point the way forward. He will discuss the role of the church in the world, and the role of the church in the world is not a matter of passive acquiescence. The church must be active, and be ready to take part in the world's work.

Miss Matty Cocke's Birthday Celebrated October 9th

Wednesday, October 9, was the birth- day of Miss Matty Cocke, the daughter of Charles Lewis Cocke and the founder of Hollins. Miss Matty, as she has come to be called, was president of this college before it was donated to the University of North Carolina in 1931. Before that he was a history professor there, which alone gives him an excellent background in world affairs. He is also chairman of the National Advisory Council on Social Security.

Having received his A. B. at the University of North Carolina, Dr. Graham took post-graduate work at the University of Chicago, Brooklyn Institute and the University of London. Besides attending all these academic institutions he has been an A. M. from Columbia, an LL. D. from Davidson and Duke. Columbia awarded him a LL. D. in 1931. He is a Phi Beta Kappa.

Addressed Scheduled for Next Sunday and Monday

## ROOSEVELT

By LINDA LYN

In 1933 Franklin Delano Roosevelt became President of the United States. He knew the country was in trouble and he was not alone in this. The nation was in the depths of a depression. Some were advocating an end to free enterprise. Roosevelt knew that was a bad idea. America was growing desperate. It took courage to face the situation Roosevelt faced in 1933—crime, violence, and despair.

Roosevelt was a man of great vision and determination. He knew he had to take action. He set up programs to help the unemployed and to provide a sense of hope for the future. He was a true leader and his policies helped restore confidence in the American economy.

## Medieval Art To Be Exhibited

The exhibition, which is up to tonight, will be open to the public for the next few months. It features works by some of the most famous artists of the past, including Jan van Eyck and Giovanni Bellini.

## DeJarnette Announces New Fire Regulations

DeJarnette said that the new regulations are designed to improve safety and prevent fires. He emphasized the importance of following the rules and taking care of our community.

## An Education on The Hollins Organ

The Hollins Organ is a unique instrument that combines the sounds of the pipe organ with the human voice. It is a wonderful example of the art of organ building and is a must-see for anyone interested in music.

## A Hollins Girl For Conscript

The story of Willkie is one of courage and determination. He faced many challenges and overcame them with his strength and resolve. His story is a testament to the power of the human spirit.

## Residences to Eliminate

For this century, residential complexes are being planned for the future. The goal is to provide safe and comfortable homes for people of all ages and backgrounds.

## Relationship

As for this year, we invite you to come and see for yourself the beauty and wonder of Hollins. We are looking forward to your visit and to sharing our community with you.

## Gifts

The Hollins gift shop is a great place to find unique and thoughtful gifts for everyone on your list. We have a wide variety of options, from books and clothing to jewelry and home decor.

## Leaves Hanes

Discarding of intelligence is not a wise idea. It is better to think and learn more. We should be open-minded and willing to consider different perspectives. This is especially important in today's world, where information is readily available and constantly changing.

## Meditation

Meditation is a powerful tool for reducing stress and improving overall well-being. It can help you connect with your inner self and find peace and clarity.

## Meditation

Meditation is a powerful tool for reducing stress and improving overall well-being. It can help you connect with your inner self and find peace and clarity.
When he decided to go to Austin Campbell, I went home to look over the whole thing and to think that maybe there was something I could do about it. I was not sure at first, but then I remembered that I had always wanted to start a business in my own name.

**Publicity Office Outlines Job for ’42**

Nearly every college and university has an office of public relations or a bureau of publicity. This is partly due to the fact that a majority of the students are women, who have not had as much success in journalism as men have in the past. The primary purpose of the public relations office is to disseminate information about the college or university to the public, to help maintain the image of the college as a reputable institution, and to publicize special events, activities, and accomplishments of the college. This is accomplished through the use of various media, such as newspapers, magazines, radio, and television.

**Holllls Student Outlines Typical Day on Campus**

The following is what, after much reflection and research, I wrote up as my daily routine.

**Glee Club**

The Glee Club is a very important part of the campus life. It is a group of students who sing together and perform in various concerts and events throughout the year. The club meets regularly to practice and rehearse their performances. The Glee Club is open to all students, regardless of their musical ability.

**Holla**

**Fifty Years Ago**

On December 25, 1886, Mr. and Mrs. W. B. L. DeMunck were married in the DeMunck home in Lovelace, Iowa. The couple lived in Lovelace for 40 years. They were the parents of eight children. Mr. DeMunck was a prominent citizen of Lovelace, serving as mayor and member of the county board.

**Birthday Gift From Alumna Improves Hollins**

Two years ago, in the fall of 1944, the Hollins Alumnae Association presented a special gift to the college. The gift was a new dining room for the college, which was completed in 1945 and is still in use today. The dining room was named in honor of Alumnae Association members who made significant contributions to the college.

**“It’s Hollins” for Canadian Girl**

Mary DeLacy, from Canada, was visiting the college last week. She had been a student at Hollins for two years before leaving to return to Canada. She was very happy to see old friends and to reminisce about her time at Hollins.

**Cotillion Club**

The Cotillion Club is a social club for students who enjoy dancing and socializing. The club meets regularly to practice and perform at various dance events throughout the year. The Cotillion Club is open to all students, regardless of their dance ability.

**Theatre**

Theatre is an important part of the campus life. It is a group of students who work together to produce plays and musicals. The theatre department is open to all students, regardless of their theatre ability.

Sport Slants

Bow Wow! Woof! Woof! Even the Keller hounds and Tzu House "settlers" are getting excited—Class games start soon and rivalries are developing fast, for we all want to be the winning class. With two weeks of hard work behind us we really should have some good games, so come on out you hounds and "settlers" and do your barking on the hockey field.

Captains Elected

All classes except the freshmen have elected their captains. However, Neka Thomas is acting as manager until the captain is elected. Virginia Martin is heading the Sophomores and Bummy Rohner the Juniors, while the Seniors have as their captain Jane Cauble. These four girls are working hard to select their teams, which will be announced soon in Keller.

Game Schedule

The freshmen and sophomores start the ball rolling on Monday, the twenty-first, at four-thirty. This is to be followed by the Senior-Junior game on the twenty-third and then on the twenty-third the Freshman-Senior game. The Freshman and Juniors will conclude the games for that week on Thursday. Four straight days of excitement—here's hoping Mother Nature will cooperate and have clear weather for us. Take a hint from Popey's hard and diligent work is showing off that last cigarette because you'll all be needing a surplus of wind whether playing or rooting for your team.

Sure Cure

When you're weary of study just come out and try your ability whether it be in outdoor sports, but still it's exercise and do your barking on the hockey field. We really should have some good games, so come on out you hounds and "settlers" and do your barking on the hockey field.

Serve 'em Smashing

The tennis tournament is getting well under way and from the looks of things we think the upper classmen are going to meet stiff competition when they get across the net from the freshmen. (They've even taken to practising with the faculty.) Get on your toes, you upper classmen, because we don't want the Class of '41 to walk away with all honors.

The Bags on Campus

At last Hollins has found a physical activity (I don't think I could quite call it a sport) in which nearly all of us participate—namely, jittingbugging. Everybody from Freddie to Flissie C. have been indulging in it. We admit it doesn't have all the advantages of the outdoor sports, but still it's exercise and even those non-athletic ones of us are falling victims of this without realizing they are taking part in physical exercise. I always say one way is better than no way at all.
