“Brief Music” on November 16th

Fall Play Mimics Campus Life and Campus Characters in a Large Girls’ College

At last we have a chance to see our- selves others see us, for the first time. “Brief Music,” is a glorified ball session; a cross section of campus life and campus characters in a small place, nothing at all, except a few hours of merriment around the stage. Just think over our have the other divisions interested in the performance that everyone-students, teachers, or methods. The committee is at the present time considering the study of moving pictures, nylon and the study of moving pictures, according to the invit ation. This was one of the reasons for being subject to the festive holiday spirit.

English Woman Will Talk at I. R. C.

Mrs. R. D. Stockbridge, who has recently returned from England, will be the speaker at the International Relations Club meeting on November 16, at 7:30. She will speak informally on conditions in England as Mrs. Stockbridge saw them.

In December the I. R. C. is planning to have one or more South American women or delegates to the Latin-American Commission of Women, to discuss the vital position of Inter-American relationship.

Later programs will include discussions led by members of the International Relations Club of Washington and Lee University and the University of Virginia.
Dear Editor,

Now that the election is over and Bach's rules of “Vote for Willie” are no longer heard, now that the signs and buttons have gone from sight, now that we have come to a stimulating prediction of victory and forward to doing our bit to improve this sight, we at Hollins can look back to a stimulating pre-election rally.

SARAH GRAYDON,

Their expression is one of narrow prejudice. Probably they have never studied the issues as president find it hard to reconcile themselves to the present administration. It’s not fair to the gals, who accept all responsibility of doing twenty-four hours per day. This doesn’t mean that they went out of their way to understand our dire necessity for two more years.

That is my suggestion toward helping improve academic conditions on campus.

Letters to the Editor

Under the Dome

Finding things to say in this column grows more and more difficult. Thankful for Saturday’s generous example of Busc, because the author has, by a stroke of pure good luck, come across a good, solid, funny story. It is the only one we have written so far, among the many we have tried.

We have enough extra-curricular activity at Hollins to keep Vassar students busy for years. It’s not fair to the gals, who accept all responsibility of doing twenty-four hours per day. This doesn’t mean that they have seen far too little out of her closet. I must mention the things we’ve seen yet this season.

It is in this group at which the Common Core is getting to, and by which the administrator isn’t to be held to a promise of keeping the notices taken down when they are no longer necessary. The Social Program Committee is always on the look out for something. It seems that the only time we were doing something wrong was when we went to a meeting.

The work day ends with a meal with beautiful and interesting colleagues. With Old World charm and rustic elegance, the White Rabbit is the perfect place for a relaxing and enjoyable evening. The menu features a variety of dishes, including seafood, steak, and vegetarian options. The atmosphere is warm and inviting, with soft lighting and comfortable seating. The staff is friendly and attentive, ensuring a memorable dining experience. Don't miss out on the opportunity to try the famous White Rabbit chocolate cake for dessert! It's a must-try for any chocolate lover.
"Hollins in the high chair—where put 'em up there! Juniors! Juniors! Rah! Rah! Rah!" The Juniors, the non-defeated class on campus, walked (or should I say rolled) away with all hockey honors. With Bunny flicking her way through the line we all stood agast at our inability to put a stop to her. However, Bunny wasn't by far our only worry. With Mickey, Muffy and Anne Hall to help start the ball rolling, there seemed to be no stopping. The Class of '42 seems to be right on the ball with three straight years of victory. More power to you if you can keep it up! (Frankly, it'll take more power 'cause next year we're offering stiffer and more competition.)

Odd-Even
Odd-Even practice is getting well under way. Many seem to be thinking the Evens have the game in the bag (according to hockey terms—the ball in the goal), but the Odds are very liable to pull a winner—"One never knows, does one?" So keep your stick down, you Evens, 'cause here we come and I do mean with a bang. We are promising a fast game, so you'd better get on your stick and ride in the chase. You, sideline players, get "In the Mood," and come out and root and toot for the old team. Here's luck to you, and may the best team win.

FUR ACCESSORIES
That are really news. Saucy fur pompon hat, firmly shaped into position by a fin-tipped hat pin—favorite defensive weapon of the gay-ninety girls. Muffs, gloves, necklaces—they're all very new, very chic, very easy to pay for.
