A. D. A. 's Vote Metcalfe, Kuntz Into the Purple

April 22d a mighty roar rose from the stands of Main when A. D. A. added two new members to its galaxy of stars—Freddie Metcalfe and Val Kuntz. After Val had (with much adumbrated insistence) told her melody story and Freddie had explained her approach to the faculty when wanting a new reform, the girls invited everybody to their stunt next Tuesday. "Humph," snorted Freddie, "I detect sabotage—the Atlas are after new legislature, men in their rooms no doubt!"
Under the Dome

This is our last, our bitter end. It's in our young minds, in our very souls, that we see it. But, in the course of things, some will be able to take it over, and we'll all be able to take it together. How will we take it? We will take it together. How will we take it? We will take it together.

**Wallace Gives Series of Teas For Freshmen**

Miss Wallace and some of the Freshmen got together and gave a set of teas for the Freshmen and members of the faculty. The first tea was March 17th, then April 11th and April 18th, and the last will be May 9th. The purpose of the teas was to give the Freshmen the opportunity to become acquainted with the Faculty. Since there are so many Freshmen, the teas were divided into four sections, and at each tea the members of each division of faculty was invited; with the last tea in May, all the faculty and Freshmen will have come.

The girls seemed to enjoy the teas and were happy to be able to talk with the faculty. These gatherings give the Freshmen an opportunity to learn to know our staff, and informal teas are ideal for this purpose.

The house committee was testing its hair over two signatures who had signed up to be in the show. Finally they figured out the names of two Seniors and put them in classes. Then they realized the girls didn't ride. So they grabbed the girls and figure out the score. It seems the two innocents had thought they were signing up for the skating party.

IS THAT A FUR COLLAR?

Harvard's reputation has reached the south now. Two Tigermen, wearing Chesterfield coats (as Princeton men always do) since they had not yet received their uniforms, were enjoying their last civilian walk through the camp one day. Several widen-eyed recruits from the South approached them:

"Are you fellows from Harvard?"

"Of course not." The Princeton men were definitely repulsed.

"Why?"

"We thought only Harvard men wore coats with fur collars," came the naive reply.

Mr. Gordon (the poor long-suffering man who is trying to teach us the game at the club) says that we really have some good material among us. Incidentally Mr. Gordon taught Glenn Collet all she knows about golf.
