Dear Ms. Persinger,

Thank you for your letter dated 18 September 1978 forwarding copies of the International Women's Tribune Centre's publication, the Resource Book produced in cooperation with the Asian and Pacific Centre for Women and Development, as well as a copy of the Project Presentation covering the period 1978 - 1981.

We are pleased to see that the Tribune has been actively involved in women's development efforts, with particular emphasis on Information, Education and Communication activities.

With regard to the provision of UNFPA support to the activities planned for the future, we would like to inform you that in principle we are prepared to consider projects relating to Women, Population and Development, prepared by the Tribune based on the national government's requests. Such projects should be submitted to UNFPA through the regular channel - the United Nations Development Programme - and with the endorsement of the government. Each project will be appraised and processed and a decision made according to the merits of each individual project, taking into account other UNFPA-supported activities in that country.

Yours sincerely,

Nafis Sadik
