This group of over 1000 may have switched their conference - planned in May for Spain - to Mexico City to coincide with the UN Conference. That decision was not yet made when I phoned her.

What about that group facilitating the planned newspaper? This reportedly very elegant young woman is known in Mexico City from her newspaper work. I was told she might be interested in 'our' newspaper if she can run things. This is hearsay, I did not meet her. Her English is limited.

Roz, I had to speak in church for a few minutes after the Service as one of 7 out-of-town special guests. They seemed to like my suggestions of hosting (UU)NGO's during the conference.

Call me if you need me.
